DATA SHEET FOODTRUCKERS STAINLESS STEEL TRAILER

Internal dimensions of trailer

- **Length:** 4150 mm
- **Width:** 2200 mm
- **Height:** 2300 mm

Chassis of trailer: DMC max 2700kg / 2000 kg

Electrical installation

- *Outside double main socket 32A/400V,*
- *First main socket 32A/400V with electrical switchboard with residual current circuit breaker, phase switch. Two sockets 32A/400V inside for gastronomic equipment and rest for sockets 230V – cooling system, water system, lights system, free sockets for users.*
- *Second main socket 32A/400V with electrical switchboard with residual current circuit breaker, phase switch. Sockets only for 2 interior socket 32A/400V and socket 230V for Oven,*
- *Lighting installation LED,*
- *Safety switch in the form of a red / yellow button - cuts off all electricity,*

Furniture

- *Stainless steel furniture with light core,*
- *Surface done with thickness 40mm,*
- *Hood with engine at roof, oil condenser and LED halogens,*
- *Sinks double done at the same level like surface - smooth enter,*

Gastronomic and cooling equipment

Black bottle cooler TEFCOLD - CEV425

- *Black interior and exterior*
- *Elegant design*
- *Great product presentation*
- *Extra shelf space*
- *LED illuminated canopy*
- *LED light inside door frame*
- *Fan assisted cooling*

Storage freezer TEFCOLD - UF200S-I

- *Reversible solid door*
- *Electronic thermostat*
- *Stainless steel cabinet*
- *Fixed freezing shelves*
- *Lock*
- *Adjustable feet*

Grill Plate Kromet – 2 pieces,

- *Chrome-Griddles are made of high-grade stainless steels.*
- *Top plate made of AISI 304 stainless steel with thickness \neq 1.5mm*
- *Chrome-plated smooth/ grooved working plate ensure uniform distribution of temperature the whole surface plated smooth working plate ensures uniform distribution of temperatures over the whole surface.*

Electric Fryer Kromet – 2 pieces

- *Electric fryers are made of high-grade stainless steels.*
- *Working plate made of AISI 304 stainless steel with thickness \neq 1.5mm.*
- *On front table of the device, timer controlling frying fat temperature and time is installed.*
- *Temperature adjustment between 50 ° and 200 °C. Tank with cool zone.*

Vitrine Cooler GNI/4 – TEFCOLD

- *Stainless steel*
- *Static cooling*
- *Glass structure for protection of food*
- *Adjustable feet*

Industrial Oven – NERONE

- *Easy cleaning with removable door*
- *Simple operation*
- *Bottom hinge*
- *2 fans for even heat distribution*
- *Italian quality produced, Tecnodom*
- *Stackable (can be modular)*
- *Industrial oven with 4xinserts in 44 x 35 cm, not included,*
